HEART OF Monument PLAY PARK
FOR ALL AGES AND ABILITIES

Paw Hunt!

Find each of these animals by finding the matching colored prints on the oval trail

Download this file HERE

 Badger 	 Beaver 
 Coyote 	 Deer 
 Fox 	 Moose 
 Mountain Lion 	 Polar Bear 
 Rabbit 	 Raccoon 
 Squirrel 	 Turkey 
Eli - 2 years old 	Madison – 6 year old 

Let's Play With Our Prints!

Respond to these challenges to see more here at Heart of Monument Play Park –

1 – Find paw prints for all the animals shown on the previous page. Their unique colors will help you.

2 – Find a series of prints that start as Mountain Lion prints into Maddie's bare feet, and then back to the Mountain Lion.

3 – Find the spot where Maddie jumps across a drain line.

4 – How many Turkey prints are there?

5 – Identify all the different animals shown on the path coming south from the Church parking lot

6 – Identify all the different animals shown on the bike station on the eastern side of the Play Park.

5 – How many steps does it take for you to walk around the inner edge of our oval?

6 – How many steps does it take for you to walk around the outer edge of our oval walkway?

7 – How many times do you have to walk around the oval to have walked one mile?

Please note that these paw prints are not strictly to scale – the Moose Print is larger than typical Moose footprints but it is much larger than the Deer Print.
